### **DETAILED ACTION**

This office action is in response to the amendment received 20 November 2003 in which claims 1-12 were cancelled and claims 13 and 14 were added.

#### ***Response to Arguments***

1. Applicant's arguments with respect to claims 1-12 have been considered but are moot in view of the new ground(s) of rejection.

#### ***Claim Rejections - 35 USC § 103***

2. Claims 13 and 14 are rejected under 35 U.S.C. 103(a) as being unpatentable over Jones in view of Silvern et al.

3. Jones teaches a system for treating articles with compressed air comprising air knives 12, conveyor 50, and air compressors (not shown). Note column 2, lines 13-28 and Figure 5. Jones does not teach a detailed description of the compressors used in his system. Silvern et al. teaches an air compression system comprising a motor 22, air compressing devices 10 and 11, air inlet 13, air delivery duct 21 for providing compressed air at at least 5 psi, air recirculation loop 33, and valve 43. Note column 1, line 47- column 2, line 22 and Figure 1. As Silvern et al. teaches that his compression system results in improved efficiency over typical compressors in the art, it would have been obvious to one of ordinary skill in the art to utilize the compression system of Silvern et al. in the air knife drying system of Jones.

***Conclusion***

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Jenny et al. and Lashbrook teach similar air compression systems.
5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
